WHAT IS LOWE COUNTRY?

It's not a field or a lake or a place on a map. Lowe Country is an attitude. It's where your roots are. Where you raise your family. It's being on the water from dawn to dusk doing

what you love. Fishing. Hunting. Playing. Competing. It's that place you know will always be there for you. Just like your Lowe. Welcome to Lowe Country.

**MOD-U
DEEP-V
ROUGHNECK
UTILITY & JONS**

Everyone says they have it. Some even say they invented it. We simply say we've been perfecting these do-it-all fishing and hunting machines for more than 50 years. With thousands of Lowe anglers fishing every species, we've learned a thing or two about fishability. More deck space, faster hole shots, more stability, and a smoother, dryer ride. And, we pack in pro-level fishing features with an industry-setting warranty to boot.

JOIN UP WITH A FAMILY THAT LIVES FOR BOATING!

Membership has its privileges with Lowe Boats' exclusive, members-only Owners Club. Get exclusive access to the exciting world of Lowe and log your outings, record fish caught, review important info about your boat, and more. It's all here waiting for you and it's free! All you need is to be a bona fide Lowe boat or pontoon owner, your hull identification number, and an internet connection. Want to learn more?

Membership benefits include:

- » Get active & earn points
- » Create an online profile
- » Log your trips
- » Local dealer information
- » Online owners information
- » Lowe online community

A WARRANTY YOU CAN COUNT ON, INSIDE AND OUT.

What's better than a great fish boat? A great fish boat with a great warranty you can count on. Lowe is well known for highly dependable and trouble-free products. Lowe is also respected for responding to its customers' warranty needs courteously and swiftly. However, should a warranty issue occur, our goal is to make your warranty experience with your local dealer as hassle-free as possible, getting you back on the water as quickly as possible. Backed by one of the strongest warranties in the industry.

- » **Monohull Seam Welds Limited Lifetime Warranty** - Covering any structural defect in material or workmanship in the main riveted or welded seams.
- » **Ten Year Monohull Boats Hull Prorated Limited Warranty** - Covering a defect in material or workmanship in any other part of the hull not covered by above.
- » **Plywood Limited Lifetime Warranty** - Covering any plywood found to be defective on any Lowe boat, including, but not limited to plywood installed in decks, floors and transoms.
- » **Limited Warranty on Components** - Covering material or workmanship on the factory-installed components if reported within three (3) years of the first retail purchase,

Portions of this limited warranty may be transferred to a second owner for a period of up to five (5) years after the date of purchase by the original owner, for the remaining portion of the five (5) year period after the date of purchase by the original owner. See loweboats.com for details.

BUILT UPON 50 YEARS OF INNOVATION SO YOU CAN COUNT ON EVERYTHING

Lowe is located in the heart of the Ozarks where old-world, hand-worked craftsmanship is renowned. Our boats are meticulously assembled entirely by hand using strictly-controlled CAD designed specifications and advanced manufacturing technologies. The result is our exclusive SuperLock™ construction which ensures that hulls, bulkheads, stringers, ribs, decks, transoms, and gunnels are all 'locked together' in a truly bonded system. SuperLock produces a high-performance unit that maximizes handling, durability, and fishability.

MOD-V

Our proprietary all-welded, ultra-wide Mod-V hull is performance focused; built to ride high and stable, with spray rails to reduce spray, generating a clean wake with an explosive, stable hole shot.

DEEP-V

Lowe Deep-V hulls are stress tested over thousands of hours with maximum horse-power resulting in incredibly efficient power distribution, stability, and some of the most reliable transoms made. The extruded full-length welded keel, combined with reverse chines, provides extreme bite and stability.

RECONFIGURED FOR '21

For our 50th Anniversary, Lowe brings you more. Look for this banner in each section for a rundown of popular options that are now standard options and equipment for 2021!

MOD-V HIGHLIGHTS

1 **Smooth running variable deadrise hull** - provides fast hole shots and a drier, smoother ride.

3 **Superlock™ construction with closed-cell foam injection** - deck to hull is bonded into a single cohesive unit.

2 **Super tough all-welded, all-aluminum hull** - our hi-performance bass boats are totally wood-free.

4 **Reverse chine hull with extruded running keel** - provides added stability and reduced sliding in turns.

5 **Heavy-duty transom** - wood-free welded transom offers unmatched feel and strength.

1 **PowerGrid™ stringer substrate** - extruded transverse ribs are locked together for added strength.

2 **Super tough all-welded hull** - .100 gauge aluminum alloy welds are tougher than riveted hulls.

3 **Extra stable reverse chine hull** - provides extreme bite on the water while running.

4 **Full-length heavy duty extruded hull** - super-tough high-tensile strength H-34 aluminum alloy.

5 **Pressure-injected foam** - durable closed-cell foam is formulated to float in extreme conditions.
